A classroom circlce slowly drifts on...  
I knew right then I d carve you name, so I...  
Save your charity it s gone too far now as it seems

I drive by your scenery...  
All the while I died that night...  
Please come back, tell me it s alright

And save your charity it s gone too far now as it seems...  
Little boys that misbehave

And I want to look you in your eye...

I want to look you in your eye...

Want to look you in your eye

I want to look you in your eye
