Dum Dum Boys
Iggy Pop

songs actual beggining after the A7:

```
-------------------------------------------------------------|
-----------------------------3--------------------------------|
------5--------3----------4-----------------------------------|
----7---5----5---5------5------------------------------------|
--5--------3-----------------------------------------------|
--------------------3-----------------------------------------|
```

THIS RIFF CONTINUES THROUGH THE VERSES:

```
D7                    C7                G7
Well things had been tough without the dum dum boys
D7             C7          G7
I cant seam to speak their language
D7              C7           G7
i remember how they used to stare at the ground

F           Am          G
they looked as if they put the whole world
F         Am      G                    D7 C7 G7
looked as if they put the whole world down
```
