YOU LEFT IT UP TO ME (Amy Ray)

[Each chord is half a measure.]
[**A(9)**=x07600, **D(9)**=xx0230, **E/A**=x02100.]

A(9) **A**(9) **D(9)** **E** **A(9)** **A(9)** **D**(9) **E**
[intro]

```
        A(9)           A(9)              D(9)       E
When I let you go, I cursed myself with empty hands
A(9)                A(9)         D(9)               E
 Strong enough to watch you walk, but not enough to understand it
A(9)            A(9)               D(9)   E
 With spiteful eyes you burn for my grace
A(9)                      A(9)         D(9)             E
 I was trying to stand outside of this, you were trying to save face

E          E               D(9)          D(9)
 You can say that I don t care (I don t care)
E         E              D(9)    D(9)
 You can hope that we still have something left to
  A                  E                  D(9)  D(9)
share; But just between you, baby, and me
A          E                 D(9)  D(9)
 Just between me, baby, and you
                  A(9)  A(9)  D(9)  E
There s nothing there

I finally found someone I can hold
You ask me to defend myself, as if I shouldn t be so bold
Well, get that look off of your face
I don t have the time, (I don t have the time) and you don t have the place

To say that I don t care (I don t care)
And hope that we still have something left to share
But just between me, baby, and you
Just between you, baby, and me
There s nothing there

[Instrumental, same chords as one verse]
```

Baby, what are you gonna do?
I can t salvage any truth from you
Everybody else already knows
A(9) **A**(9) **D(9)** **E** **A** **A**
It hurts you to realize, so leave well enough, enough alone

D **D** **E** **E**
You don t need my hands to help you understand
A **A** **D** **D**
You don t need to hear my voice (you have no choice)
D **D** **E** **E**
So don t be throwing stones; the closer we get, the harder they come
A **A** **D** **D**
Now, even if you re feeling alone, don t come home

E **E** **D** **D**
Cause when it was up to you (when it was up to you)
E **E** **D** **D**
When it was up to you, you left it up to
A **E/A** **D(9)** **E**
me (me...) You left it up to
A **E/A** **D(9)** **E**
me, oh you left, oh you left it up to me
E **E** **D(9)** **D**(9) **A(9)** **A**(9) **D** **E** **A**.
When it was up to you, you left it up to me
