```
F#5
i feel ashamed, again and again
            F#5
Nothing to give, and no one to blame
           D5  C#5
During the day,
             F#5
I guess I m okay

F#5
At night, I sleep by your side
             F#5
Waiting for you, to give me a sign
                 D5  C#5
I m counting the days
                        F#5
And there s nothing to say

          B5                            D5
Ahhhhhhh I hope I can feel and see the change
                            F#5
stop the bleed inside and feel again

Cut the chain of lies
          A5
You ve been feeding my veins
                            B5
I ve got nothing to say to you

B5                                D5
I hope I can chill and stay the same
                            F#5
stop the bleed inside and feel again

Cut the chain of lies
           A5
I ve been beating myself (and beating and beating myself)
                            B5
Without nothing to say to you

   D5                F#5
...nothing to say to you
```
