**Go Home, Girl**
**Ry Cooder**

```
Eb
Well, me and Frank we re the best of friends
                                Bb
And our friendship will never end
But it would hurt him so for him to know
                            Eb
That I m in love with his girlfriend
Now, the love of a girl and the love of a friend
        Eb7                  G#
Are two things you can t compare
                                  Eb
Though my heart will ache I will let it break
         Bb                  Eb

 Cause I know that it just ain t fair

Chorus   Bb                          Eb
So go on home girl, let s call it a night
              Bb                          Eb
You better go home girl, this just ain t right
But before you go I want you to know
            Eb7         G#
That I love you, yes I do
                                 Eb
And though it breaks my heart for us to part
        Bb                    Eb
Still I know Frank loves you too

Eb
Well, you say that a we can make him see
                                Bb
We have a love that s really real
But I think that he is just like me
                                 Eb
And I don t know just how he d feel
Darling, people know it would hurt him so
            Eb7               G#
If you told him that it must end
                           Eb
And I could never hold the love I stole
       Bb                  Eb
From a man I call my best friend
      Bb                        Eb
Go on home girl, you better go home, girl
      Bb                  Eb
```
