       G                 D
As you spend your time

with your friends and your family,
       G
as you see the warmth
   D                   Em
and love they have for you,
       G                D
as you see the wars and hate
     Em      Em/D C   C/B
that others radiate,
        Am     Bm  C      D           G
