Where To Land
Izzy Miller

```
G          C                    D
I ve been thinkin  about you baby
G          C                          D
I ve been drinkin  just a little too much
G              C                 D
In between the promises and sad songs
G             C             D
I feel as if I m losing my touch

G          C              D
I ve been laying around lately
G          C             D
I ve been just a bit on edge
G             C              D
Somewhere out here in these spotlights
G           C                   D
I feel myself slipping off the ledge

C            D                       G
And you re a million miles away from here
C         D                  Em
I can t figure out where I stand
C           D              G
Some days I feel like I m fading
C         D                   Em
Others, I don t know where to land

You ve been thinkin  about leavin
And I ve been thinkin  of fallin  apart
But there s numbers on the wall
I guess I can always buy a heart

And you re a million miles away from here
I can t figure out where I stand
Some days I feel like I m fading
Others, I don t know where to land
