Electric Bird
Sia

```
            Dm  E                         Am
Well youâ€™re aaaaaart, you fell into this part
                     A7
You play the victim perfectly holding your beating
Dm  E                     Am
heart, you used to be so smart
                          A7
You fluttered round the yard making your magic

There s the refrain at least.
