Say You Love Me

 F#m G#m C#m
       F#m
Being one of those grains of sand
       G#m
I get blown all around the world
           A                 E
And what I make of it - oh I don?t know.
           F#m                   G#m        C#m
What?s the meaning of it - oh I don?t know...
      F#m
I?ve been around so many times
         G#m
That the world?s turning in my mind
           A                 E
What do I think of it - oh it?s so so!
     C#m          G#m          A                     B7
What more can you be than the things they say you?ve been?
        F#m           G#m        A
Say you love me all around the world
        F#m           G#m        A
Stay and hug me all around the world
        F#m           G#m        A
Be yours a boy or be mine a girl
B7      E      F#m  G#m
Just say you love me!
F#m           E      F#m  A
Just say you love me!
      F#m
I never ever realised
       G#m
it?s so easy to make you cry
           A                 E
But did I break a bit - oh I hope no!
           F#m                   G#m        C#m
Have you forgot about it - oh I hope so!
      F#m
But you never ever wonder why
       G#m
In every single pair of eyes
           A
There?s a hunger in it
        E
Or it?s soul dies
     C#m          G#m          A                     B7
What more can you be than the things they say you?ve been?
        F#m           G#m        A
Say you love me all around the world
