\*Intro\*

**A#m G#** x2

\*Verse 1\*

**A#m** **G#**  
Another day burns away into darkness  
**A#m** **G#**  
Another blink of the eye of time  
**A#m** **G#**  
I am straining through the blackness  
**A#m** **G#**  
Ever searching for a sign

**A#m**  
The days grow long and the days grow dark  
**G#**  
And the days grow ever colder  
**A#m** **G#m**  
The trust that I started with fades as I get older  
**A#m**  
Though the road is hard  
**G#**  
It seems to me there is no way around this  
**A#m**  
From all you ve done for me  
**G#**  
I know you ll never break your promise

\*Chorus\*

**F#**  
So here at the end of this day  
**A#m**  
Where the world is shaded in gray  
**F#** **A#m**  
I will look to the blue horizons and watch for you to come  
**F#**  
When my hope is tattered and torn

**A#m**

When my faith is weathered and worn

**F#**

**G#**

I ll look to the blue horizons
