You In a Song
Jason Reeves

Bm A Em
Tryin to figure out which way i want this to go.
Bm A Em
Do i want it to be happy or sad or fast or slow?
Bm A Em
Tryin to work it out what it is i feel.
G A
Do i wanna rock you, shock you, soothe you, move you?

Chorus:
Bm A Em
I just wanna write you in a song,
Bm A Em
put your smile on paper so you can sing along.
Bm A Em
I just wanna bottle the sun,
G A
keep your light a secret i can find when you are gone, gone, gone...

Bm A Em
You are like a beautiful tree.
Bm A Em
with roots in the ground so deep they could never be seen.
Bm A Em
Im a leaf that ready to fall,
G A
and the wind s gonna blow me someday away from it all-

Bridge:
G A
most people when they can t get away
G A
it makes them more than a little crazy
G A
well im the one that can never stay
G A G A
but ill always have you with me, yea
G A G A
Always have you with me in this song..
