SISTER HAZEL - Swan Dive
Transcipted by Juan Guido Botindari

E C#m C#m7 A
Would you think I was crazy
If I stripped on down to my skin or
Would you think I was free as a bee
C mon tell me - tell me - tell the truth now
Would you think you could meditate in the middle of the eye of a hurricane
Would you now but somehow we were tethered here together
We can weather out the weather here

[Pre-Chorus]
B C#m
Oh yeah I might be crazy - but that s not the same as insane
B A (cuts on **B**)
And I m scared - but that s not the same as being afraid

[Chorus]
E C#m A B
If I throw myself over the edge
If I find myself in over my head
If I shatter from the fall and I lose
F#7 C#m7 A B
I d still want to swan dive - into you

So tell me now what you re thinking
A Lincoln for your thoughts or a dollar for them all yeah
Well I can take the truth - no I can t - yes I can
Tell me we were meant to be - a happy accident
Would you cry if I said it
Would you get it if I told you that I want you and I need you
Aw that wouldn t say enough
Hell I love you
How bout that yeah
