

**Back To Life**  
**3OH!3**

Verso I:

**G** **C9**  
There's a drumline in my heart beat, I know exactly what it's from  
**Em** **D**  
That turn enough to street lamps, they say the day is almost done,  
**G** **C9**  
There's a ringing in my ears now, I remember how it was,  
**Em** **D**  
The feeling we had last night and it won't stop now because.

Pré Refrão:

**G** **C9**  
Everybody says, hey no, we don't wanna see this day go  
**Em7**  
If I ever had my say so,  
**D**  
we can make this go all night night night.

Refrão:

**C9** **Em**  
Cause if the party is dead, we can bring it back to life,  
**G**  
Yeah, we can make it through the night  
**D**  
If you listen to the words I say,  
**C9**  
'cause if the party is dead,  
**Em** **G**  
all we need is candle light, and a little bit of dynamite  
**D**  
everybody won't get out of our way.

( **G** )

Verso II:

**G**  
I got a song stuck in my head,  
**C9**  
I know exactly why it's there  
**Em**  
there's a noise outside my bedroom,  
**D**  
and I don't even care.

Pré Refrão

**G**  
If I ever said go home,  
**C9**  
everybody here would say hell no  
**Em7**  
All we gotta do is just let go,  
**D**  
We can make it through the night.

Refrão:

**C9** **Em**  
Cause if the party is dead, we can bring it back to life,  
**G**  
Yeah, we can make it through the night  
**D**  
If you listen to the words I say,  
**C9**  
?cause if the party is dead,  
**Em** **G**

**C9**  
Cause I?m never gonna get this promise out of my head,  
**Em**  
And I?m never gonna get some sleep inside of my bed,  
**G** **D**  
And I?m sorry if goodnight is something I?ve ever said.

**C9** **Em**  
Cause if the party is dead, we can bring it back to life,  
**G**  
Yeah, we can make it through the night  
**D**  
If you listen to the words I say,  
**C9**
