

**Back To Life**  
**3OH!3**

Verso I:

**A** **D9**  
There's a drumline in my heart beat, I know exactly what it's from  
**F#m** **E**  
That turn enough to street lamps, they say the day is almost done,  
**A** **D9**  
There's a ringing in my ears now, I remember how it was,  
**F#m** **E**  
The feeling we had last night and it won't stop now because.

Pré Refrão:

**A** **D9**  
Everybody says, hey no, we don't wanna see this day go  
**F#m7**  
If I ever had my say so,  
**E**  
we can make this go all night night night.

Refrão:

**D9** **F#m**  
Cause if the party is dead, we can bring it back to life,  
**A**  
Yeah, we can make it through the night  
**E**  
If you listen to the words I say,  
**D9**  
'cause if the party is dead,  
**F#m** **A**  
all we need is candle light, and a little bit of dynamite  
**E**  
everybody won't get out of our way.

( **A** )

Verso II:

**A**  
I got a song stuck in my head,  
**D9**  
I know exactly why it's there  
**F#m**  
there's a noise outside my bedroom,  
**E**  
and I don't even care.
