That s why I know that one of these days, it won t be long, you ll come
walkin  through that same door
            F#m
(I ll hurry home). And I can imagine in my mind
                                A                  E
that these are the words that you ll be sayin .

        A                         E
I still love you, always thinkin  of you
            A                           D

Don t wait too lo-o-ong, just-a pick up your phone
