Why Dont You Kiss Her
Jesse McCartney

```
G
Were the Best of friends
Am                A
And we share our secrets
G                             Am
She knows everything that is on my mind, Oh
G
But lately somethings changed
Am        D
As I lie awake in my bed
Am            D
A voice here inside my head
Softly says

(Chorus)
               G
Why don t you kiss her
               D
Why don t you tell her
               G
Why don t you let her see
                       Dm
The feelings that you hide
                 G
Cuz she ll never know
             D
If you never show
                G
The way u feel inside

G                  Am
Oh im so afraid to make that first move
G
Just a touch and we
Am
Could cross the line, Oh
G
And everytime she s near
        Am     D
I wanna never let her go
D                    Am
Confess to her what my heart knows
D
Hold her close

(Chorus)
G
```

What would she say
G
I wonder would she just turn away
Am
Or would she promise me
G
That she s here to stay
Am
It hurts me to wait
G **D**
I keep asking myself

(In a higher tone)
D
Why don t you kiss her
G
Why don t you tell her
D
Why don t you let her see
A
The feelings that you hide
Am
Cuz she ll never know
G **D**
If you never show
D **Dm**
The way u feel inside

(Chorus)
