```
            E            A                 E/F#       Esus
I know it s morning and that you need to go
            E        A                E/F#        Esus
You look so lovely in the morning glow
         E          A               E/F#        Esus
The only thing I ask is that you know
           E               A                          E/F#        Esus
That I will keep you in my thoughts throughout the day

        E            A          E/F#      Esus
Another disappearing act it seems
        E            A             E/F#     Esus
Another conversation gone midstream
          E      A                      E/F#     Esus
It s never easy, when you re gone from me
              E               A                          E/F#      Esus
But could you keep me in your thoughts throughout the day?

F#m              E/F#                A
Keep me in your thoughts while I m away
F#m                E/F#        A
Remember how it was and the words we thought to say
F#m               E/F#             A
Darlin  I could never be distraught
   Dadd9            B7sus4
If only you would keep me in your thoughts

When you were little did you think of leaving?
How the one you chose to be with, would barely let you see him
And as I drift with the winds of every season
```

Girl you re right there in my thoughts though you can t see them

When I was little I had Sky the dinosaur
And I don t think much of that toy anymore
But I think of you before you re out the door
So could you keep me in your thoughts while you re away?

Keep me in your thoughts you precious thing
Sometimes you get the honey, sometimes you get the sting
And a solitude like this cannot be bought
If only cause you keep me in your thoughts
