Cruise Night
John K. Samson

CRUISE NIGHT - John K. Samson

Tabbed by: Neno

VERSE 1:

```
F#                                              B
I know it s annoying borrowing your brother s car

               F#                     B
But mine won t start, and it s Sunday

F#                                            B
Soon a line of headlights peering down the avenue

               F#                    B
could find you there in a lawn chair
```

PRECHORUS/CHORUS:

```
Ebm                    C#                    Dmin7b5
Next to our old El Camino with the racing stripes

   F#               B                F#              B
on cruise night, on cruise night, on cruise night
```

VERSE 2:

```
F#                                                B
Dude, just make it happen I can t take another week

           F#m                     B
of feeling lame with the same old

F#                                            B
tin can on my ten speed circling the Dairy Queen

                F#              B
while jacked up rides idle at me
```

```
  Ebm               C#                      Dmin7b5
I wanna rock the RPM between the reds and greens

   F#               B               F#             B
on cruise night, on cruise night, on cruise night

SOLO:

|F#        |F#        |B        |B        |   x 4

OUTRO:

Ebm                     C#                      Dmin7b5
Drive a while in one direction and we ll turn around

F#
On cruise night.
```
