(intro 4x) **Dm C F Am**

```
Dm                            C        F                    A
Since birth, rush s been my guidance. No lie or truth I ve heard
Dm                       C              F                A
My urges to breathe new wilderness were born and died in me
     Dm                C              F             A
From curse to bliss, repulse to miss, pride to raw knees
Dm                 C              F                 A
My winged feet run around the sun to the dawn of my dreams
