I Am A Temple
John Mark McMillan

```
  B
Deep inside me
F#
There s this burning
G#m                     E
That just won t let me go
You are my fire
You are my righteousness
You are my rock in roll

I wish I could fit you
Down inside my chest God
I wish I could swallow you whole
I d wrap you up
In a blanket of my skin
And you could call my body home

B
I G#m G# temple
F#
I G#m G# temple
E
My body is a temple
F#              E
I am a temple, I...   (repeat)

F#                    B
So what if I m not worthy
                     G#m
So what if I m not worthy
                   F#
So what if I m not worthy
G#m               F#
You have made me clean

B                                F#
I can t get over how quickly you recover
G#m                               E
The pieces of my heart as they shatter
B
Cause in your hands I am
F#
More than just a brand new man
G#m
And all my falling down now
E
Well, Its just don t matter
```
