Capo 2.

Intro:
C-Am-Em-G

```
C                     Am
dont make me come to you now
      Em            G
just like ive done before
     C             Am
dont drag me over all ground
  Em            G
coming to your door

        F                 C
cause though its hard to say it
     Am          F#/Dsus2
it wont be hard to see
            C            G
that friends we never were babe
 F         G          C
friends we never will be

C                       Am
why cant we keep the memory
        Em          G
that wants me to a dear
       C                 Am
that once the times of our love
      Em                G
were ringing true and clear

      F                   C
cause i dont want them sounding
     Am          F#/Dsus2
so dead and out of key
      C               G
when friends we never were babe
F          G          C
friends we never will be

C                       Am
we could talk about the weather
        Em              G
```

```
or the promises we ve made
C                        Am
of all we thought was sacred,
     Em            G
that we were gonna say

        F                  C
and maybe there d be somethings
    Am            F#/Dsus2
on wich we could agree
     C               G
but friends we never were babe
F          G           C
friends we never will be

C                        Am
but darling dont be thinking
        Em               G
our love was all a waste
   C             Am
if i dont come a calling
   Em             G
if you dont see my face

        F                  C
cause i gave you all of my heart
    Am          F#/Dsus2
and you the same to me
      C                G
but friends we never were babe
F         G           C
friends we never will be
```
