Summer Rain
Jonas

This is my first guitar chord tab so let me know if its okay!

intro: **D,D7,BM,G**

```
D                         D7                   Bm
it s time for something it s time for change it s time to get things re
G
arranged oh yeah
D               D7                   Bm
the summer heat has been getting me and last summers love
G
is gone, gone, gone
A                               D     G     A
i ve been saving my love for a rainy day and it s really comin down today
G                         A    D
Then out of the blue you came you shine a little light on a clouded day
G         A         D                       G                 A
Baby you could make a broken heart go away i m not gonna lie this feeling
       Bm   A      G     A                                   D,D7,BM,G
inside i can t explain i m gonna blame it on the summer rain
```

NEXT few verses go the same way Thanks for looking at my chords!
