Thats When I Feel It
Tammy Wynette

That s When I Feel It

```
E          C#7
Fanny s washing the clothes I know, think I ll give Mary Sue a call
F#m        B7
I ve cleaned the house, there s nothing left to do
E          C#7
Gonna be another lonely night cause he s not here to hold me tight
F#m    B7
The kids are on bed my day is through

G#                        C#m
Sometimes I wonder if he still loves me when he s home
F#7      B7
He never fails to change my mind the minute he gets home

              E
That s when I feel it his love the most,
               C#7
That s when he holds me, holds me so close
       F#m     B7                    E
That s when I know it because he shows it how much he loves me

Sometimes I wonder...
That s when I feel it...
```
