```
F                                Bb       F
I was lost and loveless in your soul desert

                                  Eb     F
I was packed and kicking to your alien land

                                 Bb       F
I was lost and loveless in your soul desert

                                  Eb     F
I was packed and kicking to your alien land

       Bb                                          F   Bb  F
Then I wanna know, wanna know, wanna know what to be

       Bb                                          C
Then I wanna know, wanna know, wanna know what to be

                                                          F  Bb   F  Eb  F
And I ll just watch you  cause being is just too hard for me

                            Bb       F
In your soul desert I was awe inspired

                              Eb     F
Feeling sentimental for your alien side

                                   Bb     F
And blinded I was helpless in your giant sands

                               Eb     F
Ignorant and freezing in your alien lands

       Bb                                          F     Bb  F
Then I wanna know, wanna know, wanna know what to be
