The Baseballs

[Verse 1]
```
     D                                A
You have my heart and we ll never be worlds apart
            C#                        F#m
Maybe in magazines but you ll still be my star
           D                         A
Baby cause in the dark, you can see shiny cars
                      C#                              F#m
And that s when you need me there, with you I ll always share because
```

[Chorus]
```

When the sun shines, well shine together, told you I ll be here forever
                             F#m
That I ll always be your friend
Took an oath I m a stick it out till the end
 D                                A                                    C#
Now that it s raining more than ever, know that we still have each other
                            F#m                                A
You can stand under my umbrella, you can stand under my umbrella
                       C#              F#m
You can stand under my umbrella, hey hey ba-by
```

These fancy things, will never come in between
You re part of my entity, here for Infinity

Now that it s raining more than ever, know that we still have each other
                            F#m                                A
You can stand under my umbrella, you can stand under my umbrella
                       C#              F#m
You can stand under my umbrella, hey hey ba-by
```

```
D                          A

```
                    A                                C#

When the sun shines, well shine together, told you I ll be here forever
                             F#m
That I ll always be your friend
Took an oath I m a stick it out till the end
 D                               A                                  C#
Now that it s raining more than ever, know that we still have each other
