Hi folks.. i have read many tabs of junoon for this song and none sounded exact and
precise. Until one day i saw salman ahmad live on PTV playing this song on a 12 stringer. I  noticed that he was playing rather unusual chords.

Since i dun know names of those chords i ll show the legend here

Chord Am 002210  (Simple and cute Am  )
Chord X  003230  (Some sort of Chord D)
Chord C  032030  (Some sort of Chord C)
Chord Y  033200  (Dont know this one  )
Chord Z  021200  (Some sort of Chord E)

**Bbm** X  **C#**  **Bbm**
Junoon  Sey .. Aur ishq  sey

Y  Z
Milti hey. Aazadi

**Bbm** X  **C# Bbm**
