The Chemical Of You
The Bigger Lights

The Bigger Light play 1 half step down. This band is pretty much amazing. If ou havent heard of JK and Dans old band, Adelyn, I highly reccomend you check them out.

NOTE: On the bridge I did not know what 2 of the chords were called so I will make
a tab below this to show you what it looks like.

```
When it says to play Bb: Db--8---| and when it says G# play: Db--6---|
                         Ab--9---|                           Ab--7---|
                         Eb--6---|                           Eb--4---|
```

Intro: A(1strum) then B-D-Gx4 and on the 4th time ater you lay G andd a F#-G

Verse 1:

```
                                  E-F
Bright lights in a city that seems
                      E-F
Too big to ever believe
                                E-F
Soul searching is a dangerous road
                                            E-F
Where thrill seekers get dead to get living
                            E-F
So desperate and deliberate
                                  E-F
We crush the scene with fingertips
                             E-F          G
An appetite for nights with hazy incidents
```

Chorus:

```
C
We don t, we don t
     Em
Need another way to fall in love
F
And flood our veins with someone new
Fm
Before we re empty of the last one
C              Em
With intuition through tunnel vision
F
We ll make the same mistakes we made
```

Fm
On the last one, on the last one

Interlude: **A**-**C**-**F** x2 and on the second time afte the play **E**-**F**

Verse 2:
E-**F**
Cigarettes and a shadowy dance
E-**F**
When earthquake girls give you the chance

We are the kids who love to love
E-**F** **G**
The third act stories with guts and glory

Chorus:
C
We don t, we don t
Em
Need another way to fall in love
F
And flood our veins with someone new
Fm
Before we re empty of the last one
C **Em**
With intuition through tunnel vision
F
We ll make the same mistakes we made
Fm
On the last one, on the last one

Interlude: D, E5, B, Bb x2 (not sure about this or the first half of the bridge)

Bridge:
C **D5**
Tonight s the night when we will
A **G#**
Fall asleep and wake up from the
C **D5** **A**, **G#**
Black party dress that we call one night stands
A **G#**
And with these hands, we ll wash the sheets
G **F#**
To wash away and wipe a clean slate
F **G**
Of lipstick grins and midnight gin
A **B**-**C**
To choke away our lost boy mistakes

Chorus:

C
We don t, we don t
     Em
Need another way to fall in love
F
And flood our veins with someone new
Fm
Before we re empty of the last one
A **Em**
With intuition through tunnel vision
F
We ll make the same mistakes we made
G **Fm**
On the last one, on the last one

A
Bright lights in a city that seems
G
Too big to ever believe
Em **F**
On the last one

And end on D
