All the highs and lows and in-betweens and now you see me and just say  hey
      Bb       G#                  Bb     Eb
Isn t it weird that you ve seen me naked?
          Bb                G#                           Bb         Eb
We had conversations  bout forever, now it s  bout the weather? okay

      Bb     G#
And I just can t believe
Bb            Eb                    Bb            G#        Bb
We went from strangers to lovers to strangers in a lifetime
Eb     Bb     G#
  Now just memories
Bb               Eb                    Bb            G#
We ve gone from strangers to lovers to strangers,   yeah

Eb                Bb         G#                  Bb          Eb
  Acting like we never met, faking like we d just forget
          Bb        G#                        Bb         Eb

               Bb            G#                            Bb         Eb

          Bb            G#                        Bb        Eb
Ain t it funny,  cause now there s nothing left but small talk

                                        Eb
Isn t it wild that I know your weakness?
                                                                      Eb
And everybody at the party thinks that you re the best since sliced bread
          Bb         G#            Bb      Eb
And isn t it awkward I got a new somebody?
       Bb                 G#                       Bb           Eb
And honestly it ll probably be a while before we can just be friends

      Bb     G#
And I just can t believe
Bb            Eb                    Bb            G#        Bb
We went from strangers to lovers to strangers in a lifetime
Eb     Bb     G#
  Now just memories
