Old Flame
Kimbra

Old Flame /Writers: Francois Tetaz, Kimbra.

```
 Ebm-B
Old flame, it s always the old way
                        Ebm
When did it get so damn cold?
               B
You re so seasonal
                    Ebm
We flickered and swayed
                        B
Each time the winter soul came
                Ebm
I remember gold days
                  B(?)
Under love s warm haze

Ebm                                   Bm
Old flame, you re still the one that holds me
                  D
Can t you feel it burning?
                  E       Esus2
Can t you feel it burning still?
Ebm                         Bm
Old flame, I fell for your inferno
                  D
Where did all the love go?
                   E              Esus2     Ebm
Can t you feel the wind blow you closer to me?

 Ebm-B
I went by your house today
                       Ebm
When did you get so hollow?
                  B
So closed, so overgrown?
                    Ebm
But I flicker and sway
                        B
Still dancing on the aftertaste
                Ebm
I remember gold days
                             D
Wrapped up in the warmth we made

Ebm                                   Bm
Old flame, you re still the one that holds me
                D
Can you feel it burning?
                E       Esus2
Can you feel it burning still?
Ebm                          Bm
Old flame, I fell for your inferno
                  D
Where did all the love go?
                      E    Esus2
Can t you feel the wind blow

 Ebm                        Bm
Smoke skies, colors and cloud nines
                  B(A7)
Circles and straight lines and drowned eyes
              D-Dsus2
(When there s something in the air)
 Ebm                                Bm
From such heights, I fell into fahrenheit
              B(B7)
And time only fuels the desire
              D-Dsus2
(When there s something in the air)

It s always the old way
When did it get so damn cold?
You re so seasonal

Ebm  Bm         D
     Old flame, burning
 E      Esus2
Burning still
 Ebm        Bm
Old flame, inferno
                D          E-Esus2
Where did all the love go?
