A                                  C#
They just don t make that kind of license anymore
            D
That way of life anymore
             Dm
That type of world anymore

A                                E
What you ve done, get out of my dreams you scum
                       Bm
They weren t meant for anyone
                       Dm
They weren t meant for anyone but me

A
In my cinematic mind
      C#
I see battles fought at sea
 D
I awake in dawn s empire
           Dm
It must be lonely being you being me

A                                E
What you ve done, get out of my dreams you scum
                       Bm         Dm
They weren t meant for anyone but me
A                                E
```

```
What you ve done, I just get so over-run
           Bm                   Dm
Impossible dreams they come for me... For me

     A                                          D

             A
It s for the worlds they never see
This beatific revelry
         D
By windswept kisses heavens rave
Lovers rise and fall and fall and rise again
A                                E
What you ve done, get out of my dreams you scum
                       Bm         Dm
They weren t meant for anyone but me
A                                E
What you ve done, I just get so over-run
                    Bm                  Dm
These unthoughtful dreams they come for me
A                                E
What you ve done, get out of my dreams you scum
                       Bm         Dm   E   F   G    A
They weren t meant for anyone but me...           but me
```
