Hes Not A Boy
The Like

Capo on the 4th fret.

Intro
The intro is strummed down, down, down up up. On the first up stroke, add the suspended
to the E chord. On the second up stroke, remove it. Play this three times, then a final
E chord on a down stroke to end the intro.

Verses
The names of these bar chords (without a capo) are written with the lyrics. Z plays them
bar chords off the E string, besides the B s. C# s and F s next to which I wrote
With the capo, you ll finger them as G s, A s, and D s. The next verse is played the
way.

```
C              B
We were up all night
        Bb                 A
Talking trash and wasting time
        Bb                 A
When he says you re beautiful
          Bb(open) E(open)
It s not a line
           C                B
But in the morning you might find
         Bb                    A
That he might have changed his mind
       Dm          A
He got lonely for a love
             Bb(open) E(open)  C(open)
For just one night
```

Bridge
These chords are written in the same way. Each is strummed 8 times (besides the last).

```
C
You may say
    B
Why don t you realise
C               A
I could give you everything
C
But you see
   B                  C
He can t be tied, contained
        A
or satisfied by all

C (open)
you could bring
```

You can probably take it from there. If you don t think I got all of the chords

right,
can watch a great video of The Like performing an acoustic version of this song on the
Stone s youtube channel, which is where I got them from. I m not positive I got them
though, so you may have to play around with them.
