

Morphine & Chocolate

4 Non Blondes

[Intro] **G#**

G#

Substitute my gloom with happiness

C#

Substitute my sickness with health

G#

Substitute my enemies with real good friends

F#

Morphine and chocolate are my substitutes

G#

Are my substitutes

G#

Morphine and chocolate can bring me up

C#

Can warm my heart for me whenever I want it

G#

And every once in a while when I stop and think

F#

Morphine and chocolate are my substitutes

G#

Are my substitutes

G#

And you can say

C#

G#

Hey, we've really come a long way

G#

And you can say

C# G#

Hey, it can only be this way

F#

You might be careful

G#

C#

It really hurts when it's real

F#

You might be careful

G#

C#

It really hurts when it's real

F#

You might be careful

G#

C#

It really hurts when it's real

F#

G#

You'll go down, down, down

Set the alarm clock, baby

Don't you miss the sun?

C#

You know, I'm feeling really warm-hearted baby

Don't you know I'm feeling like someone

G#

I'm fearing for my life again

And I am fearing for my heart

F#

Morphine and chocolate could never

G#

Substitute my art

And that's real love baby
