```
Gm                            Bb
Love, love is like a stubborn youth,
F                     Eb
That you d rather just deny,
Gm                    Bb
I m walking on a broken roof,
F                     Eb
While I m looking at the sky.

Pre-Chorus:
Gm                    Bb
Its all false love and affection,
F                     Eb
You dont like me you just want the attention,
Gm                    Bb
Yes its all false love and affection,
F                     Eb
You dont want me You just like the attention...

Chorus:
             Gm  Bb                        F             Eb
I m not your toy, this isn t just another girl meets boy x2

Verse 2:
(Same as verse 1)
Love, love hides in a smokey light,
I can never find the truth,
