The Way It Ends
Landon Pigg

I couldn t find it anywhere else so I tried to make it myself. Play the G and A in
the chorus as powerchords. Sorry if its not completely right, I tried my best!

```
Dm                Bb
Run
Is this to be our fate

Dm                Bb
Hide
Freedom is ours as long as we escape

G               Bb
We walk in the shadows, we do
G                        Bb
For now but we all know
          C
Our time is near

Dm               Bb
This is the way it ends
C                Am
Don t tell me its meaningless
Bb               F
There ll be no compromise
G                  A
We fall, and we too, shall rise
Dm               Bb
You held me and taught me how
C                Am
I think I am ready now
Bb             F
If this is the way it ends,
G                  A
Then this is the way its meant to be
```

The other verses are the same as the first.
@ bridge you play :
Bb **F C**
Bb **F C** and then into the **Dm** from the chorus.

Have fun!
