The Rolling Stones

```
  Eb                                  E
Connection, I just can t make no connection.
                  B  F#                   B
But all I want to do is to get back to you.

B              F#                     B
Everything is going in the wrong direction.
  B                  F#               E
The doctor wants to give me more injections.
Eb                      F#                E
Giving me shots for a thousand rare infections
              B                   F#
And I don t know if he ll let me go

   Eb                                 E

                  B  F#                   B
But all I want to do is to get back to you.
   Eb                                 E
Connection, I just can t make it, connection
                  B  F#                   B
But all I want to do is to get back to you.

B                   F#              B
My bags they get a very close inspection.
  B                  F#           E
I wonder why it is that they suspect me
Eb                  F#                  E
They re dying to add me to their collections
              B                     F#
And I don t know if they ll let me go

   Eb                                 E
Connection, I just can t make no connection.
                  B  F#                   B
But all I want to do is to get back to you.
   Eb                                 E
