 Bb
My heart is getting heavier
 Bb                                          Gm
Heavier than I ever thought it could
                Eb                                                Bb
And for a while I believed that I was superman
                        F
But I misunderstood
 Bb
And you can chase me down cause you know how
 Bb                                                      Gm
I want to feel like what we had was good
 Eb
But now my heart is getting heavier
 Bb                                              F
Heavier than I ever thought it should
 Bb
With this empty space I canâ€™t replace
 Bb                                                  Gm
The overwhelming merry of your face
 Eb                                                                Bb
And in this hall of empty picture frames I wish I never even knew
 Eb
These halls of empty picture frames
 Bb
You knew the heartache they could do
 Eb
Halls of empty picture frames
 Bb                                                  F
I wish I never even knew your name
 Bb
Sleepless nights Iâ€™m terrified
 Bb                                              Gm
I wonder if Iâ€™ll ever leave this place
 Eb                                                        Bb                  F
But all they hear are wait my dear in case you ever need a place to stay
 Bb
Well I know that this is just a song
 Bb                                                       Gm
But maybe it will reach your ears someday
 Eb                                                      Bb
We both know I fucked it up now suck it up
                                                         F
And live and learn to love another way
 Bb
Oh well easier is said than done
 Bb                                              Gm
```

My heart is growing heavy anyway
Eb **Bb**
Well its better to have loved and lost
Bb **F**
At least thatâ€™s what the lonely people say
Bb
Well I feel alone I told you so
Bb **Gm**
And time and time again I let it go
Eb
But if youâ€™ve never had a broken heart
Bb **F**
Then thereâ€™s no way in hell youâ€™ll ever know
Bb
Oh my heart is getting heavier
Bb **Gm**
Heavier than I ever thought it could
Eb
Well my heart is getting heavier
Bb **F**
Heavier than I ever thought it should
Bb
Now my heart is getting heavier
Bb **Gm**
Now heavier than I ever thought it could
Eb
Well my heart is growing heavier
Bb **F**
Well than I ever thought it should
F
Ever thought it should
Bb
Now my heart is getting heavier
Bb **Gm**
Heavier than I ever thought it could
Eb **Bb**
Oh for a while I believed that I was superman
F
But I misunderstood
Bb
Well you chase me down cause you know how
Bb **Gm**
I want to feel like what we had was good
Eb
Now my heart is getting heavier
Bb **F**
Heavier than I ever thought it should
F
Ever thought it should
Bb
I feel alone I told you so
Bb **Gm**
And time and time again I let it go

Eb
But if youâ€™ve never had a broken heart
Bb **F**
Then thereâ€™s no way in hell youâ€™ll ever know
