**Ebm** **F#**
All she wanted was to make you proud
**Bbm** **F#**
You weren t there
**C#** **F#**
Had his birthday a few days ago
**F#/G#** **Bbm**
He got some presents, a big party too
**Ebm** **F#**
And there were congratulation cards
**Bbm**
As it used to be for
**G#**
Not ever one from you

[Chorus]
**F#**
You weren t there
**Ebm**
Distant far away
**Bbm**
it s like this every day
**G#**
I see it in their heads
**Ebm**
Wonder if you ll come
**F#**
Afraid to close their eyes
**Bbm**
And miss you once again

[Verse]
**C#** **F#**
She cut herself on that piece of paper
**F#/G#** **Bbm**
It didn t hurt but she saw the blood
**Ebm** **F#**
She could need that embrace
**Bbm** **F#**

```
You weren t there
C#                          F#
Did he have to cry louder?
F#/G#                       Bbm
Would that make you hear him?
Ebm                         F#
You see his heart was broken
          Bbm     G#
For the first time

[Chorus]
                F#
You weren t there
             Ebm
Distant far away
                    Bbm
it s like this every day
                      G#
I see it in their heads
                  Ebm
Wonder if you ll come
                        F#
Afraid to close their eyes
                     Bbm
And miss you once again

[Bridge]
Bbm         G#
You cannot turn back time
  F#                 F#/G#
I wish that to come true
        Ebm               G#     F#
They re making up these stories about you

[Chorus]
             F#
You weren t there
              Ebm
Distant far away
                     Bbm
It s like this every day
                     G#
I see it in their heads
                 Ebm
Wonder if you ll come
                        F#
Afraid to close their eyes
                        Bbm  G#
And miss you once again
 F#                  Ebm       Bbm
Miss you once again...
