A - x02220
F#m - 244222
C - x32010
D - xx0232
F#/Bb - x143xx

Intro:

[Spoken]

[Lindsay:]
No I like when people talk
in the beginning of songs
I think thats kind of rad

[Person 1:]
I don t think you should use it

[Lindsay:]
E
well something kind of introspective,
something that means a little bit to me,

Person 2:]
like a little more...

[Lindsay:]
...Personal?

Verse 1:
E(all the way)

You say you gotta go
but what does that mean?
Do you wanna be together
or is it just me?
Sometimes I think you re in
until I think you re out
It s like i m swimming
in the deep end, pull me out

Refrain:

```
          E
Wanted to feel want you to know
Wanted to steal a little piece
                           C  D
of heaven, I could call my own
```

Chorus 1:

```
         C#m   A           E        B
Could we try a little more personal?
       C#m    A           E     B
Can we throw away all the casual
          F#m    A          E  B
Cause the more I know about you
        F#m      A          E B
and the more you know about me
              F#/Bb A              E
It s easier to be    a little more personal
```

Verse 2:

```
     E
It s like we do a dance
when no one wants to move
But if I take the first
step maybe we can find a groove
I m really trying hard
to not just walk away
I think that its
about time someone said
```

(Repeat Refrain)
(Repeat Chorus 1)

Bridge:

```
C                   D
  I wanna know what goes
           E
on in your mystery
C                       D
```

```
  I think that I could have
           B
the key to unlock everything

Guitar Solo: while singing Chorus 2

Chorus 2:
         C#m   A           E        B
Could we try a little more personal?
          F#m    A          E  B
Cause the more I know about you
        F#m      A          E B
and the more you know about me
              F#/Bb A
It s easier to be    a little more personal

(Repeat Chorus 1)

Outro:
     E
You say you gotta go
but what does that mean
Do you wanna be together
                E(hold)
or is it just me
```
