Strange Way To Save The World
4Him

```
             G        A    G/B             D              Asus A
I m sure he must have been surprised    at where this road had taken him
                  G        A    G/B           D              Asus A
 Cause never in a million lives    would he have dreamed of Bethlehem
      D/F#            G         A/C#         D
And standing at the manger  He saw with his own eyes
     Bm               E              Em7        A
The message from the angel come to life    and Joseph said.

     D  A/C#                Bm           D/A
Why me,         I m just a simple man of trade
     G                D/F#        Em7    A
Why Him, with all the rulers in the world
     D  A/C#              Bm               D/A
Why here,     inside this stable filled with hay
     G                D/F#       Em7   A
Why her, she s just an ordinary girl
     Bm              F#/A#            D/A            E/G#
Now I m not one to second guess what angels have to say
                    Em7        A         G    A   D/F#   G
But this is such a strange way    to save the world

                 G        A   G/B             D              Asus A
To think of how it could have been,    if Jesus had come as He deserved
                       G      A   G/B          D              Asus A
There would have been no Bethlehem    No lowly shepherds at His birth
      D/F#            G         A/C#           D
But Joseph knew the reason Love had to reach so far
     Bm           E/G#         Em7        A
And as he held the Savior in his arms, he must have thought.
