This boils down to science fact

It s living proof that opposites attract

G#m
This convoluted braid we are
Eb E
Loaded with more energy than every single star
G#m F# G#m
Ooh, we re going to end up in the ground tonight
Eb E G#m
Just bury me with her and my guitar

Chorus:

E G#m F#
No need to be alarmed - That s just the chemicals

```
  Consider me charmed at the science in our skulls

My cocoon is shedding and the change is in full swing

Ooh, we re going to end up in the ground tonight

```

Bridge:

```
G#m
Someone come and you can come hold me down
F#             E                      Eb
if you let me show you how easy now, no one likes a tease
G#m                                        F#
The relevant the etiquette redundant and sentiment,
E                        Eb           F#
best let me in so I can test your flexibilities
```
