Bbm C#

Verse:
When I first saw you baby I knew
And I when i first touched your hand and we played footsies in the sand I knew
About your tenderness, your sweet caress, so loving at your very best
You fill me up with fire inside, so much my tears have all gone dry
I m waiting for one tiny sign that you would be forever mine
And if you re feeling lonely and you need someone to hold you, come

Chorus:
Baby come round
And if you feel your heart is breaking, I ll help it mend
And if you need a helping hand, I ll be your friend
We just gotta sit by the riverside and talk our tears dry
When the morning comes the sun s gonna shine, the sun is gonna shine

Verse:
Shine on down to your love?
And when people ask, hey, did some love just come your way
I can t help but tell them about your
Tenderness, your sweet caress, so loving at your very best
You fill me up with fire, so much my tears went dry
So come round

Chorus:

Baby come round
And if you feel your heart is breaking, I ll help it mend
And if you need a helping hand, I ll be your friend
We just gotta sit by the riverside and talk our tears dry
When the morning comes the sun s gonna shine, the sun is gonna shine

Outro:
G# / Bbm / B / Bbm
We just gotta sit by the riverside and talk our tears dry, (repeat.)
