Eyes On The Prize
M. Ward

```
                          (B)      A
Everything I ve learned I have forgotten
                                                E
Everything I ve forgotten looks just like new
                                A                B
I pulled the ends out for the tie that binds
                         E
To keep my promise with you

         A
With my eyes on the prize
                E
And my mind on you
         F#7
I put my pride on the line
                B        B7
My whole life too

                                A
Now anything you ask me for is yours
                                                E
Now say the word and I ll lay it at your feet
                                  A            B
I ll meet the payments down the line somehow
                                E       E7
If you keep your promise with me

         A
With my eyes on the prize
                E
And my mind on you
          F#7
I put my pride on the line
                B          B7
My whole life too

                                              A
You say, take your axe and fashion me a kind of swing
                                              E
Walkin  blues have played a number on my feet
                                  A               B
I ll dance whatever dance you need to dance
                                  E               A
 Cause you keep you promise with me
```

```
                    B          E
You ll keep your promise with me
A                  B
You ll keep your promise
A                  B
You ll keep your promise
A                 B            E
You ll keep your promise with me
```
