

Better Man

5 Seconds Of Summer

Am **C** **G** **F**
Find me at a quarter to three, cigarette in hand
Am **C** **G** **F**
I'd be at every party, I wouldn't miss a chance
Am **C** **G** **F**
New friends again and again, gone when the morning comes
Am **C** **G** **F**
Demons I try to defend, but I couldn't get enough

Am **C**
Fading away, fading away
G **F**
Wake up to someone with nothing to say
Am **C**
I'd never change, thought I'd never change
Then you come and change it all

Am **C** **G** **F**
With your love, your love, I'm a better, better man
 Am **C** **G** **F**
With your love, your love, I'm a better, better man
 Am **C**
Darling, all of my wrongs, they lead me right to you
G **F**
Wrapped in your arms, I swear I'd die for
 Am **C** **G** **F**
Your love, your love, I'm a better, better man

(**Am C G F**)

Am **C**
Thought I'd found the highest of highs
G **F**
You came and topped them all
Am **C**
You shine in the dead of the night
G **F**
And I was the first to fall

Am **C**
Fading away, fading away
G **F**
Wake up to someone with nothing to say
C **Em**
I'd never change, thought I'd never change
G **Am**
Then you come and change it all
