Better Than I Used To Be
Tim McGraw

Capo 3 (Key Of F)

C G

```
              C
I know how to hold a grudge
                    G
I can send a bridge up in smoke
            Am                      Am/A      F
And I can t count the people I ve let down, the hearts I ve broke
                C
You ain t gotta dig too deep
                        G
If you wanna find some dirt on me
    Am                  Am/A                F
I m learning who you ve been ain t who you ve got to be
                  Dm
It s gonna be an uphill climb
          F
Aww honey I won t lie

Chorus:
           C
I ain t no angel
  F                          G               C
I still got a still few more dances with the devil
    F             G
I m cleanin up my act
          Am          Am/A                 F                 F/F#
Dm
Little by little, I m getting there, I can finally stand the man in the mirror I
see
           Dm/F#       F
I ain t as good as I m gonna get
        G                     C    G
But I m better than I used to be

I ve pinned a lot of demons to the ground
I ve got a few old habits left
There s one or two I might need you to help me get
Standin in the rain so long
Has left me with a little rust
But put some faith in me and someday you ll see
There s a diamond under all this dust
