

Castaway

5 Seconds Of Summer

Bm **A** **G** **A**
Young love, close the chapter, there s no ever after

Bm	A	G A
Fell fast, ended faster, yeah		

Bm A G A
Late night conversations, let to complications

Bm **A** **G** **A**

Now my heart is in my hands
(pre-chorus)

G Cause you walked out and left me stranded

Bm	D
Nothing left but	picture frames

G **A**

And I just keep on asking myself

(chorus)

How d we drift so far away from where we left off yesterday?

Bm **D** **G A**

I m lonely like a castaway

Bm	D	G	A
Heartbreak that I can t escape, a sinking ship I ll never save			

Bm **D** **G A**
I m lonely like a castaway

(//)

Bm A G A

All your screaming whispers, slip right through my fingers

Bm	A	G
But these memories linger on		

Bm **A** **G** **A**
 Eyes closed, all I see is good times disappearing

Bm **A** **G** **A**
And I m trying to hold on

(pre-chorus)

G Cause you walked out and left me stranded

Bm	D
Nothing left but	picture frames

G **A**

And I just keep on asking myself

(Chorus)

Bm **D** **G** **A**

How d we drift so far away from where we left off yesterday?

Bm D G A

I m lonely like a castaway

Bm **D** **G** **A**

Heartbreak that I can t escape, a sinking ship I ll never save

Bm **D** **G A**

I m lonely like a castaway (2)
