

Daylight

5 Seconds Of Summer

**D** I can't look at you in the same light  
**A**  
Know what you did to my heart doesn't feel right  
**Bm**  
**G**  
Yeah, my head's been tripping all night  
I need another point of view

**D** I got a friend who's committed to sci-fi  
**A**  
He's read every comic, he's addicted to twilight  
**Bm**  
Could give you the goosebumps  
**A**  
But he's never led me wrong

**D** He said, She's got a method of killing  
**A**  
Pulling you in like you're gonna start kissing  
**Bm**  
Fooling around, until you lost all feeling  
**A**  
Sucking your blood until your heart stops beating

**D** Before we started it was over  
**Bm**  
**G**  
I feel our bodies getting colder  
**Em** **A**  
She gives me a feeling that I can't fight

**D** And it's the road that leads to nowhere  
**Bm**  
**G**  
But all I wanna do is go there  
**Em** **A**  
She's got me running from the daylight  
Daylight

**D** I got a taste for it and I'm obsessed  
**A**  
**Bm**  
Lying here no fear in the darkness

**G**

Now I m not happy unless I m close enough to you

**D**

And all these dreams I m dreaming

**A**

Freaking me out I wish I knew the meaning

**Bm**

Doesn t make sense because I m just not seeing

**G**

How I m alive, it feels like I m not breathing

**D**

**Bm**

Before we started it was over

**A**

I feel our bodies getting colder

**Em**

**A**

She gives me a feeling that I can t fight

**D**

**Bm**

And its the road that leads to nowhere

**G**

But all I wanna do is go there

**Em**

**A**

She s got me running from the daylight

Daylight

**Bm**

I m not ready to start again

**G**

And you re not willing to make amends

**D**

Now the daylight s dangerous

**A**

It will turn us both to dust

**Bm**

I m not ready to start again

**G**

And you re not willing to make amends

**D**

Now the daylight s dangerous

**A**

I believe it s much too late for us

**D**

**Bm**

Before we started it was over

**G**

I feel our bodies getting colder

**Em**

**A**

She gives me a feeling that I can t fight

**D**

**Bm**

And its the road that leads to nowhere

**G**

But all I wanna do is go there

**Em**

**A**

**D**

**Bm**

She s got me running from the daylight daylight

**G**

I feel our bodies getting colder

**Em**

**A**

She gives me a feeling that I can t fight

**D**

**Bm**

And its the road that leads to nowhere
