Rexs Blues
Townes Van Zandt

[Verse]

```
C                   F        C
Ride the blue wind high and free
                              F    C
she ll lead you down through misery
                    F       C
leave you low, come time to go
          F F4 F         C
alone and low as low can be

                      F      C
If I had a nickel I d find a game
                      F       C
If I won a dollar I d make it rain
                           F        C
If it rained an ocean I d drink it dry
           F F4 F        C
and lay me down dissatisfied
```

[**C4 C C4**... just do sthg, with some G too]

```
D                G           D
Legs to walk and thoughts to fly
                  G       D
eyes to laugh and lips to cry
                     G     D
a restless tongue to classify
            G G4 G            D
all born to grow and grown to die
```

[**D4 D D4**, gain...]

```
D                 G       D
So tell my baby I said so long
                 G      D
tell my mother I did no wrong
                   G         D
tell my brother to watch his own
            G      G4 G         D
and tell my friends to mourn me none
```

[**F F4 F**...]

```
F                    Bb       F
I m chained upon the face of time
                 Bb       F
```

```
feelin  full of foolish rhyme
                          Bb         F
there ain t no dark till something shines
             Bb4   Bb            F

Ride the blue wind high and free
D                            G   D
she ll lead you down through misery
                     G       D
leave you low, come time to go
          G G4 G         D
alone and low as low can be
