Will Not Take My Love Away
Matt Wertz

Capo on 7

```
E                   A     E
I will not take my love away
        C#m   G#m        A        B
When praises cease and seasons change
            E                      A    E
While the whole world turns the other way
E                    B     E
I will not take my love away

E                    A    E
I will not leave you all alone
        C#m    G#m       A         B
When striving leads you far from home
      E                   A           E
And there s no yield for what you ve sown
E                     B    E
I will not leave you all alone

C#m B A              C#m  B A
Oh...                Yeah...

E                     A    E
I will give you what you need
    C#m  G#m    A  B
In plenty or in poverty
E                 A      B
Forever, always, look to me
E                    B       C#m
And I will give you what you need
E                   B    E
I will not take my love away
```
