Two Feet

```
 Em           C         B
Everyday she sees her life
Em           C         B
Fade away, and pass her by

            Em  C  B
What can she do?
            Em  C  B
What can she do?

Em                C         B
Wants to leave her lonely town
Em                C         B
Wants to go and fuck around
              Em  C  B
What can she do?
              Em  C  B
What can she do?

What can she do?

Lives in dreams and self-told lies
Em               C            B
Sees the world through jaded eyes

             Em  C  B
What can she do?

What can she do?
```
