There s a ghost in my bedroom, it haunts me at night

                         G#m
Lose it all when we run away
                            E/A
(Letting go of the little things you know I do)
            B
There s a ghost in my bedroom
            Eb
(And he s dying to meet you)
                 G#m
God knows he s heard all about you
               E/A
I guess he s friendly enough
                      B
Though I ve seen him lie
               G#m
(He s seeking roses in your bed)
                       E/A
Says he won t let you down

He will! He will! He will!

           B                     G#m E/A
There s a ghost in my bedroom

(He will! He will! He will!

Will the crowd go crashing down?)

                              G#m
Slowly slowly how could I go down
                 E/A
I want you to notice when I let go

B                             G#m
Slowly slowly how could I go down?
                E/A
I want you to notice when I let go

(There s a ghost in my bedroom)
